*Let us paint that fence for you.*

*..... And you'll just love the price.*

# Maleny Paint Place Monthly Specials

## Small Business websites

Do you have a small business and have thought about an internet web site to advertise that business but found that they are too expensive?

Contact Les at Maleny Paint Place to discuss your needs. Simple web sites do not have to be expensive.

Hosting and domain registration can also be arranged at a very reasonable price.

## Maleny Paint Place is a Taubman's Trade Centre

Because Maleny Paint Place is a Taubmans Trade Centre local professional painters obtain paint from there.

As a result it is possible to keep up to date with what the various painters are doing at any time. If you are requiring a paint job and want the services of professional painter then you can be directed to the appropriate tradesperson.

Believe it or not there are a number of female painters plying their trade around the Maleny area. No longer is this trade restricted to male tradesmen.

If you have a smaller job and believe that a painter may not want to do that smaller job then you are wrong. There are a number of painters who specialise in small jobs.

Timber decks are popular in our area and they need regular maintenance. If they are oiled then that maintenance is a yearly job. We find that about August or September is a popular time for people to be re-oiling their decks. There are painters who specialise in this type of maintenance so talk to us and we can organise quotes to complete the job for you.

Is your front fence looking a bit tired? A coat of paint does wonders in bringing it back to life. At the present time we can organise a special price to do that job. Get in and get the job done whilst there is a special price on rejuvenating the look of that fence.

The rain is eventually easing so now is a great time to get those painting jobs done.

Present this coupon & get 10% off any Trademax L/s WTB paint July 2010

# Eco home decorating

Paint Place recently released the New Look Eco Energy colour collection, three handpicked colour stories that capture the mood of the moment, all tie in with Australian lifestyles and serve to make our homes lovelier and more fashionable.

The most successful, harmonious and livable colour schemes keep the more muted neutral colours on walls and paint the bold, stronger shades on feature walls and on huge painted canvases placed on feature walls, it's easy colour layering.

The most successful, harmonious and livable colour schemes keep the more muted neutral colours on walls and paint the bold, stronger shades on feature walls and on huge painted canvases placed on feature walls, it's easy colour layering.

Try: New Look Permafrost on walls and ceiling. Silkpetal or Grainseed as feature

walls with Duststorm as an accent in the entrance hallway or as a canvas on the feature walls.

The mood of the moment is clear, it centres on about being environmentally sensitive and leading a more organic way of life.

Each New Look story has a touch of green, to allow this most soothing of colours to translate onto walls. Each of the colour stories will tie in with your home's existing furnishings.

The New Look range is tinted with Wattyl's EcoTint colourant which contains a low 1 gram of VOCs per litre. EcoTint is certified by the Good Environmental Choice of Australia for its low environmental impact. Why not try New Look's Eco-Energy range of colours?

New Look paints are tinted with the new Wattyl EcoTint colourant which is certified by the Good Environmental Choice of Australia for its low environmental impact.

You should always dispose of paint responsibly.

## Local online news...

There is also a weekly newsletter that is published each Friday. This newsletter presently is circulated to about 1000 people on the mailing list. If you do not receive this newsletter and would like to be placed on the circulation list simply email the contact email at the bottom of this article.

Also, if you are a member of a community organisation and wish to pass information onto the local community this information also can simply be emailed to the email address below and it will be included in the newsletter.

Businesses can advertise in either the web site or the newsletter for a very moderate price. It is an easy task for small businesses to have their web site linked so that they can access extra readers thus increasing their business exposure to more customers.

The web address for the Online newspaper is [www.hinterlandgrapevine.com](http://www.hinterlandgrapevine.com)

The email address is [thegrapevine@westnet.com.au](mailto:thegrapevine@westnet.com.au)
